Tour Leader: *Mike*

Diving Puerto Galera - For nearly 50 years Puerto Galera, Oriental Mindoro, Philippines has attracted scientists studying the Eco structure of micro-organisms, animals and plants. The diving is famous for its diversity and divers return time after time to marvel at creatures large and small. There are dives for all levels, from easy training dives amongst pristine coral to thrilling drift dives .

Diving is possible all year round, with the best time being March to October. There is good snorkelling along most of the rocks from the eastern end of Sabang Beach to Escarceo Point. The 30 + dive sites are all within a 10 to 15 minute boat ride from the beach, which makes for easy and convenient dive planning.
